

What is the Allegiant 311 rule?

Allegiant's "311 Rule" refers to FAA guidelines, not a formal airline policy: Passengers needing extra boarding time (disabilities, medical needs, families with infants) should notify Allegiant before departure. While Allegiant doesn't use "311" terminology, request special assistance early to ensure smooth pre-boarding. Confirm requirements by calling +1-855-442-3358. Need pre-boarding help?
