Details

We all wish we had unlimited funds to spend on games, but since that's rarely the case, shorter, innovative puzzle games like **Superliminal** often get overlooked. It's a brilliantly creative title, but its brief playtime leads many gamers to prefer meatier experiences.

Valheim, inspired by Norse mythology, goes beyond simple survival. In this procedurally generated world, you play as a legendary warrior's soul who has entered Valheim to restore peace and fend off Odin's enemies. The unfolding story and immersive environment set it apart from typical survival games.

If you're already subscribed to Game Pass and have linked your Xbox profile to your Riot account, keep in mind that it may take up to 24 hours for your in-game benefits to activate in Riot games. This delay is more common if you've just started your Game Pass subscription. Be sure to relaunch your games after some time, and you'll receive notifications about your unlocked benefits.

More Information

Football Manager 2025 offers an incredibly detailed and realistic managerial experience. With mountains of data and stats, it tests your tactical skills as you manage your team through highs and lows, striving to avoid defeat and claim victory.

Here are some limited-time Xbox gift card codes for 2025 you can use:

- **XTK8793** · Use until July 16, 2025.
- **XTK8793 EJZ6727** · Use until July 16, 2025.

Recommended Games

Mass Effect 2 is often hailed as one of the greatest games of the last 15 years. Assemble a crack team of specialists—*Ocean's Eleven* style—to take on a high-stakes mission against impossible odds.

Fable 2 launched in 2008 to critical acclaim comparable to *Fallout 3*. Though not an 80-hour open-world epic, its branching narrative and player choices create a world that feels vibrant and alive. It's whimsical but never childish—a perfect entry point before the upcoming Microsoft Studios reboot for Xbox Series X|S.

If you want a binge-worthy experience, grab the entire **Mass Effect trilogy** to play through intense storylines without rushing. Replaying scenarios to explore different outcomes keeps the experience fresh and exciting.

Persona 3 Portable, originally a PSP game, has been remastered for modern consoles. Each night during a mysterious “Dark Hour,” people vanish, and you use the power of Personas to uncover secrets and battle deadly shadows.

For something indie and unique, try **Unpacking**. This charming game has you unpack the belongings of a protagonist over several years, arranging pixel-art items like clothes, books, and toys to a relaxing retro soundtrack.

Conclusion

Once you join the Xbox Game Pass Ultimate plan, you can continue redeeming Xbox Live Gold and Xbox Game Pass codes. These codes will automatically convert to Ultimate time based on their estimated retail value.

While short puzzle games like **Superliminal** offer creative fun, many gamers understandably prefer deeper, longer experiences. Luckily, with Xbox Game Pass Ultimate, there's something for everyone.
