## **📋 Step-by-Step: How To Set Up QuickBooks® For Customer Service**

---

Step 1: [Choose the Right Version of QuickBooks®](#)

For customer service businesses, these versions work best:

- **QuickBooks Desktop Premier or Enterprise (2025)**
- **QuickBooks Online Plus or Advanced**

Need help choosing? Call **QuickBooks Sales Support at +1-866-558-3809**.

---

## Step 2: Create a Customer-Centric Chart of Accounts

Customize your chart of accounts to include:

- Support Revenue
- Subscription or Retainer Income
- Customer Refunds
- IT or Field Services Expenses

For help setting up accounts correctly, contact **QuickBooks Setup Support at +1-866-558-3809 or 1-877-593-4597.**

---

## Step 3: Add Customers and Support History

Go to:

**Customers > Customer Center > New Customer & Job**

Include:

- Full contact details
- Communication preferences
- Support ticket history
- Notes from prior service calls

Need to bulk import customers? Call **1-877-593-4597** for guided support or use QuickBooks' import tool.

---

## Step 4: Set Up Custom Service Items

Create service items for different support levels:

- Hourly Support
- Priority Service
- Annual Maintenance Contract
- Remote Support Session

Go to:

**Lists > Item List > New > Service**

Each service can be linked to a specific income account for better tracking.

---

## Step 5: Set Up Invoicing for Services Rendered

Under:

**Customers > Create Invoices**

Set up recurring invoices for:

- Monthly service retainers
- Subscription-based tech support
- Field service calls

If you face invoice syncing or template issues, call **QuickBooks Technical Support at +1-866-558-3809**.

---

## Step 6: Integrate with CRM or Ticketing Systems

Use third-party integrations like:

- **Salesforce**
- **Zendesk**
- **HubSpot**
- **Zoho Desk**

This allows you to:

- View customer details and past invoices within your CRM
- Create tickets that automatically generate invoices in QuickBooks

Need help integrating? Call **1-877-593-4597** or **(+1-866-558-3809)** for advanced support.

---

## Step 7: Track Employee or Technician Time

Use **QuickBooks Time (formerly TSheets)** to log hours worked on customer issues.

Under:

**Employees > Enter Time > Use Weekly Timesheet**

Export time data directly to invoices or payroll. For advanced setup help, call **QuickBooks Time Support at +1-866-558-3809**.

---

## Step 8: Set Up Customer Service Reports

Track performance using:

- Customer Balance Detail
- Open Invoices
- Profit & Loss by Customer
- Time by Job Summary

Custom reporting tips available via **QuickBooks Customer Support: +1-866-558-3809 or 1-877-593-4597.**

---

#### Step 9: Use QuickBooks Online for Mobile Access

If your customer service team is mobile, use **QuickBooks Online mobile app** to:

- Send estimates or invoices from the field
- Accept payments on-site
- Log service notes

Can't sync the app or mobile payments? Call (+1-866-558-3809) for troubleshooting.

---

#### Step 10: Backup and Secure Your Data

Customer data is sensitive. Be sure to:

- Enable auto-backups
- Use multi-factor authentication
- Regularly update passwords

For help configuring security settings, contact **QuickBooks Security Support at 1-877-593-4597 or +1-866-558-3809.**

---
